Re: 2026 Pavement Management project
Open House #1: Wednesday, Oct. 8, 2025, 5:30 – 7:00 p.m.
Pop-up Event at Bronx Park: Wednesday, Oct. 15, 2025, 4 – 6 p.m.

Dear Community Member:

Several streets in your neighborhood have been scheduled for rehabilitation during the 2026 construction season as part of the city's Pavement Management project. The project includes work in the Bronx Park neighborhood. Different construction activities will occur throughout the neighborhood. **Please see the attachments for a project map and an overview of the project scope.**

We want to ensure everyone has an opportunity to be involved in the public process, so we have provided multiple ways to get involved.

Attend an in-person open house scheduled for: Wednesday, Oct. 8 5:30 – 7:00 p.m. Lenox Community Center 6715 Minnetonka Blvd, St Louis Park, MN 55426	Attend a “Pop-up” event at Bronx Park: Wednesday, Oct. 15, 2025 4 – 6 p.m. Bronx Park 2900 Jersey Ave S, St. Louis Park, MN 55426
Contact city staff to set up a virtual meeting or an in-person meeting to view the preliminary layouts and discuss any concerns you may have. Contact information is provided below.	

There will be no formal presentation at these meetings, and you can attend anytime during the open house or pop-up event hours. The purpose of the public meeting is to gather feedback from the neighborhood. At this meeting, you will learn more about the proposed project and view layouts showing information on street, sidewalks and utility improvements.

The information from this meeting will be posted on the "Pavement Management – 2026" project website at bit.ly/2026-pavement-management by the end of the day on Oct. 7.

Throughout the public participation process, city staff are committed to keeping residents informed, listening to and acknowledging concerns, and providing feedback on how resident input influenced final plans.

If you have questions or are unable to attend the meeting and would like to arrange a discussion of the project at another time, please contact me at awiesen@stlouisparkmn.gov or 952.924.2673. I look forward to working with you and your neighbors.

Sincerely,

Aaron Wiesen, P.E.

Engineering project manager

Attachments: Project scope overview, project map

Cc: engineering director, city manager, ward 1 council member; Nextdoor

Summary of the project scope:

- Pavement rehabilitation
- Watermain replacement
- Storm and sanitary structure replacement
